This screenshot shows a Microsoft Power BI report titled "Sales Information of Different Countries". The report consists of three main visualizations:

- Revenue by Date:** A line chart showing revenue over time from July 2003 to January 2005. The y-axis ranges from 0.0M to 0.2M. The chart shows significant fluctuations, with a major peak around Jan 2004.
- Average of revenue:** A large text box displaying "32.43K" as the average revenue.
- Country Revenue Comparison:** A horizontal bar chart comparing revenue by country. The data is as follows:

country	revenue
USA	3.6M
Spain	994.44K
France	965.75K
Australia	509.39K
New Zealand	392.49K

The report is set against a yellow background. On the right side, there are filter panels for "Filters", "Visualizations", and "Fields". The "Fields" panel lists various data fields such as "orderDate", "orderNumber", "requiredDate", "shippedDate", "status", "buyPrice", "MSRP", "productCode", etc. The "Drill through" section is currently active, showing "Average of revenue" as the target field. The bottom navigation bar indicates this is Page 4 of 4.

13:48 22/12/2020

The screenshot displays a Power BI Desktop dashboard titled "Sales Information of Different Countries". The dashboard features a line chart showing revenue over time from July 2003 to January 2005, with a significant peak in early 2004. Below the line chart is a bar chart comparing revenue across five countries: USA, Spain, France, Australia, and New Zealand. The USA has the highest revenue, followed by Spain, France, Australia, and New Zealand. The dashboard also includes two summary tiles: one showing the count of order numbers (326) and another showing total revenue (8.85M). The Power BI ribbon is visible at the top, and the Fields pane on the right shows data structures like "d55555 custom...", "d55555 orders", and "d55555 products". The status bar at the bottom indicates the current time as 13:48 on December 22, 2020.

The screenshot shows a detailed view of a Power BI report titled "Sales Information of Different Countries". The report consists of several visual elements:

- KPI Cards:** Two cards at the top provide summary data:
 - A blue card showing the count of order numbers: **326**.
 - A blue card showing revenue: **8.85M**.
- Line Chart:** A line chart titled "Revenue by Date" plots revenue over time from July 2003 to January 2005. The Y-axis ranges from 0.0M to 0.2M.
- Stacked Bar Charts:** Two stacked bar charts show revenue by country.
 - The first chart compares five countries: USA, Spain, France, Australia, and New Zealand. Revenue values are labeled on the bars: USA (3.09M), Spain (994.44K), France (965.75K), Australia (509.39K), and New Zealand (392.49K).
 - The second chart compares six countries: Denmark, Finland, Norway, Sweden, Switzerland, and the UK. Revenue values are labeled on the bars: Denmark (0.1M), Finland (0.15M), Norway (0.2M), Sweden (0.05M), Switzerland (0.08M), and UK (0.25M).
- Filters and Fields:** The right side of the interface contains the "Visualizations" and "Fields" panes, which allow users to filter data by various fields such as country, year, and payment date.
- Panels:** At the bottom, there are four panels labeled "Page 1", "Page 2", "Page 3", and "Page 4", with "Page 4" currently selected.
